

GLOBAL WARMING

What The Government Isn't Telling You

John "J.R." Moore - The Liberty Man

Background on Author: John Moore served our country in Vietnam and saw suffering and death firsthand. John worked in undercover operations and had access to special military intelligence. John also worked as a Bodyguard, Private Investigator, Intelligence Analyst and Homicide Detective. John created a 2 DVD set about the real cause of global warming and rising sea levels which is based upon interviews with numerous naval officers who have access to information that is not available to the public.

Some of John's sources include:

- Numerous Naval officers and submarine officers who have been briefed by the government about Planet X and its effects on our world.
- Professor James McCanney, Astrophysicist, Mathematician www.jmccscience.com Author of a number of books on solar system, Planet X, radio shows are archive on his website.
- A friend from the NRO (National Reconnaissance Office) said Planet X is out there and it is coming,

In September, 2004 John did a nationwide speaking tour on terrorism.

In January, 2005 John did a nationwide speaking tour on Planet X.

John's research on Government data indicate that oceans will flood up to 400 feet above sea level. The Arkansas Missouri Ozarks is a safe haven area where hundreds of naval officers and men have retired to.

JOHN MOORE GLOBAL WARMING DVD #1, 2008

The government is lying to us and withholding information from us. The government knows things before the public knows about them.

6 day war, TET offensive, etc.

8 years ago 2 guys approached John individually, summer of 2000 and suggested John look into the real reason for Climate Change.

Climate change is not occurring because of CO-2 emissions, this is science fiction.

The Gulf Stream is slowing as a result of the decreased salinity of the ocean, which is being caused by the calving of ice into the ocean from Greenland and the South Pole.

His friend told him that the Navy has been telling its officers and men that there are going to rising ocean levels and the Missouri / Arkansas Ozarks are a safe place to be.

John depicted the Navy Map which shows the new coast line and offered numerous sources of Navy intelligence officers and men who confirmed the naval intelligence about rising ocean levels.

As a private investigator, John knows that the best way to get to the bottom of an investigation is to interview multiple people at different times, in different places and see if their stories all match up. John has interviewed numerous naval intelligence officers, many from submarine backgrounds and that have all stated they had seen a naval map depicting a redecorated east coast with the Mississippi river over 100 miles wide and Florida largely underwater.

An insurance guy John knows commented to John that he is curious as to why there is such a disproportionate number of retired Navy officers that have chosen to retire in the same zip codes of the Arkansas / Missouri Ozarks.

On July 29th, 2005, NASA (never a straight answer) announces finding the 10th planet XENA. When this 10th planet comes through our solar system every 3,600 years, it causes significant problems.

Professor James McKinney who is a credentialed astrophysicist scientist has written a number of books on climate change.

Dr. Velikovsky talks about it in his book, EARTH IN UPHEAVAL.

The bible references our 10th planet as Wormwood.

The navy told their officers and men that the oceans would become violent and wipe out the coastline. They did not tell them why, for they did not need to know why.

“Sea level” is a bit relative. “Sea level” was originally established on a rock in Cornwall, England.

That is where sea level was determined to be established. Research has shown that “sea level” varies by as much as 494 feet. There is a bulge of millions of cubic miles of water at the equator of the Earth. It is held in place by the rotation of the earth and gravity.

The Navy has stated that once the sea levels change and the Mississippi river is 50-100 miles wide, the New Madrid Seismic Zone will experience at least THREE 9.0 plus earth quakes. The Great Lakes will become one vast inland sea. The naval officers state that many of the states on the East Coast will be gone.

The Vatican Library is being moved from Rome to higher ground.

Google CIA & Denver and you will see that the CIA is moving their entire domestic division from Langley Virginia @ 85 feet above sea level to Denver, Colorado at 5,000 feet above sea level.

EPA closed their library in 2007 and moved it to new locations.

The NASA Goddard Space Institute said that in 2016 the rising sea levels will increase and by 2050 the rising sea levels will greatly increase.

These are the same dates that Al Gore's an Inconvenient Truth say that rising sea levels will occur.

The government agencies have privately planned to have all government offices moved away from coastal areas by 2009.

The agenda of the N. W. O. Is to have dramatically reduced populations through natural events, pandemics, starvation.

FOUR PHASES OF AWARENESS IN AMERICA

PHASE ONE everything is normal, career and family stability.

PHASE TWO is when abrupt climate change occurs, bizarre weather, earthquakes and tidal waves occur. The government will blame it on global warming and start to enact the changes to our lifestyle that they want to implement.

PHASE THREE is when people will realize that strange things are happening and people will begin to act on the information and move to higher ground. The government is keeping people in the dark as they want to prevent business owners from shutting their businesses and crippling the economy.

PHASE FOUR will be the end of the world **as we currently know it**. When seaports are under water, ocean going ships will not have ports to accept cargo and international commerce will cease. Economic collapse will lead to social disruption, martial law. Housing of 100 million people will be damaged or destroyed.

Social unrest will occur, Martial law will be instituted. Curfew, restrictions of sales of firearms, ammo alcohol, rationing of water, food, utilities.

The original governmental evacuation timeline to be prepared for Planet X was December 2010.

This 10th planet is coming up from the South Pole, and is speeding up and slowing down as it approaches, it is hard to predict when it will be here impacting the earth.

The Navy says the ocean level increase will occur over a period of about 30 days.

The Navy says that everything below 100 feet of elevation above sea level and below WILL be destroyed, everything under 400 feet of elevation will be at risk.

The Appalachians although high enough to be not at risk of flooding, is too close to coastal areas where refugees will be pouring out of and will likely invade the area.

PREPAREDNESS

FIRST AND MOST IMPORTANT IN PREPARATION IS SPIRITUAL PREPAREDNESS!

The P.O.W.s who had a strong spiritual foundation were far more successful at enduring captivity and torture than those without a spiritual foundation. This is a fact.

LEARN TO BE A:

FARMER for you will be growing your own food.

MEDIC for you will need to be your own doctor. An EMT course is important.

HAM-RADIO operator, so you can communicate with others. Could be a matter of life and death.

BACKPACKER carry everything you need on your back, ability to prepare food and filter water without getting sick.

SOLDIER be prepared to use deadly force to protect yourself.

ANIMAL HUSBANDRY plan to raise Goats, Chickens and Rabbits to have protein.

CARPENTER, ELECTRICIAN, PLUMBER, MECHANIC, you may be on your own for these skill sets. Where a safe area to live is: The Arkansas - Missouri Ozarks has the right elevation, plenty of water and enough distance away from major metropolitan areas.

John suggests that at least 6 adults come together to survive together, have a two year supply of food.

Professor McCanney suggests being ready to employ new calendars to manage planting seasons to adapt to climate change.

Dr. Immanuel Velikovsky was a medical doctor who wrote about preparing for planet X. Joshua 10:12-13 is a passage that addresses how a day would be longer. His book EARTH IN UPHEAVAL addresses what happens in a pole shift. His book paints a picture of tremendous changes.

The Federal Government has been spending hundreds of millions of dollars since the 1970's to prepare for this. China and Russia know about this and are also taking precautions to prepare for it.

In the 1880's the world got by using steam power, horse power and bicycles. We may be going back to the 1880's where internal combustion engines have no fuel. Steam engines are being built and sold by Mike Brown.

Denial is real, people don't want to hear about or act on bad news. The Normalcy Bias is in full swing.

John warned his soldiers for months that the 1968 TET offensive was coming and to stockpile food, and almost no one listened.

John recommends the book PATRIOTS by James Wesley Rawles and the movie THE POSTMAN with Kevin Costner.

Government in a long term severe crisis will be at the county level. The county government will be king of the hill.

During his presidency, John F. Kennedy met with the Pope and it is believed the Pope revealed certain secrets from the Vatican Library to JFK. Shortly after JFK returned from visiting the Pope, he initiated several Executive Orders on emergency preparedness at the Federal Level.

The Vatican Library holds many of the books that were confiscated from the ancient book burning at Alexandria, Egypt. It is well known that the Roman Catholic Church worked very hard to collect all written information and to deny its access to the general public. Many of the greatest books ever written were taken and hidden from the public at the Vatican Library. It is believed that many ancient writings referencing Planet X are in the Vatican Library.

Russia is known to be building shelters in the Ural Mountains in the 1990's. The Chinese will lose much of their agricultural land when planet X hits. Russia and China intend to invade the United States and take over our grain growing area. Russia and China are prepositioning supplies in Mexico and Canada to invade the United States.

John has seen people suffering, injured, dying, it is not a pleasant site. It is on John's heart to collect the information he receives from his well placed sources and to get it out to the public.

JOHN MOORE GLOBAL WARMING DVD #2, 2010 UPDATE

This DVD is mostly a detailed review of the following book & video resources that John Moore deeply believes in. John also depicts a new Navy Map, mentioned that he has had over 20 independent verifications of the data that he collected.

Lucus did a video summary of Planet X, and it is highly recommended by John Moore. Search Lucas at Brave New Books episodes 1-13 in YouTube.

All of the following is independently verifiable by doing a quick Google search, don't take John's word for it, do your own searches and see the data and proof for yourself.

The NSA is building a new facility to relocate from Fort Mead, Maryland to 20 miles south of Salt Lake City. Their publicly stated reason is that they have to move because the local power company cannot provide them enough power. The real reason is to seek higher ground from the rising sea levels as a result of Planet X. This NSA facility opened in May of 2014.

The US Government built an underground facility underneath the Denver, Colorado airport to prepare for continuity of government when the coming rising sea levels occur.

The CIA The bio-terror research facility currently on Plum Island is moving to Kansas. They are giving a false reason, the real reason is rising sea levels.

NASA spent \$74 million to relocate employees from coastal areas in Houston, Florida, etc inland.

JOHN MOORE'S RECOMMENDED BOOKS

TARGET AMERICA by Yosef Bodansky, published circa 1993, which details how Islamics have an agenda to destroy America.

THE UNSEEN HAND by Ralph Epperson, published in the 1980's, reviews the major events of the last 200 years. It has about 35 pages of footnotes backing up his research.

Covers how WW1 Started, how WW2 started, Vietnam stated on a lie, that the North Vietnamese patrol boat attacked U.S. forces, the Gulf of Tonkin which was used by the U. S. Congress to pass a resolution to start a war with Vietnam. Epperson goes into a lot of history of how the U.S. public has been lied to over the last century.

NEW LIES FOR OLD Anatoli Golitsyn wrote a book about the fall of the Berlin wall, the fall of the Soviet Union and the conversion of eastern bloc countries into democracies and it was published in the fall of 1984, roughly 5 years before all of the events allegedly took place. Anatoli Golitsyn worked in the KGB department of Long Range Planning, where he saw these documents inside the KGB. This collapse of the KGB was planned internally by the Soviet Union decades before it happened.

MATRIX III, VOLUME TWO The Psycho-Social, Chemical, Biological and Electromagnetic Manipulation of Human Consciousness. By Valdamar Valerian in 1995. It talks about deliberate plans to not enforce food safety. It talks about Aspartame (NutraSweet) and how the effects are horrible. GMO's and other things engineered by big business, big pharma and big government for their profits and our problems.

John next discusses THE BLACK NIGHT SATELLITE, and two books that reference it.

The Black Night Satellite is a satellite that is 20,000 miles high, it is 40 feet by 70 feet and the U.S. government believes it to be approximately 12,000 years old. Its nickname is The Cryogenic Box.

DEAD MENS SECRETS by Jonathan Gray an archeologist out of New Zealand.

DISNEYLAND OF THE GODS by John A Keel also talks about the Black Night Satellite.

Three books by T Lobsang Rampa, a Tibetan Priest.

WISDOM OF THE ANCIENTS
THE CAVE OF THE ANCIENTS
THE HERMIT

In these books he states that there are Tibetan Caves with highly advanced technology in them.

THE 12TH PLANET by Zechariah Sitchin is an author well known to Planet X followers.

The Egyptians knew about Planet X, they knew its size and orbit. They called it the 12th planet as they called the Sun & Moon planets.

HIDDEN HISTORY by Brian Haughton is a book about Stonehenge, Spy nix, Easter Island, the Pire Reis Map.

FORBIDDEN HISTORY by Douglass Kenyon Darwinism under fire, Ancient Technology.

FORBIDDEN ARCHEOLOGY by Michael Cremona & Richard Thompson, offers evidence of man existing a long time ago.

DELICATE EARTH, HISTORY SCIENCE & PLANET X by Mark Hazelwood is about Planet X, Mark covers science, archeology.

THE RETURN OF PLANET X, by Jaysen Rand

EARTH IN UPEHAVAL, WORLDS IN COLLISION, AGES IN CHAOS by Immanuel Velikovsky
He was a medical doctor archeologist and world traveler. He connected the archeologists from Egypt, South America and Asia. He lined up the calendars from separate archeologists and showed that they dovetailed. They all had historical references of many from heaven. John tied the manna to Planet X.

PLANET-X COMETS & EARTH CHANGES by professor James M. McCanney
He describes how the Solar System is electrically charged and how Planet X alters the charge of the solar system and the earth.

SURVIVING PLANET X PASSAGE by professor James M. McCanney

ATLANTIS TO TESLA THE KOLBRIN CONNECTION by professor James M. McCanney

John addresses the question of WHEN will Planet X come. He does not suggest he knows when it will come but points out that people should start getting prepared NOW, when there is ample time to do so.

DARE TO PREPARE by Holly Deyo is one of John's favorite books for basic preparation.

8.4 by Peter Hernon

PATRIOTS by James Wesley Rawles A great novel on how to survive what is coming

ARE WE ALONE IN THE UNIVERSE A DVD by Zecharia Stiehm

Zecharia interviews Dr. Robert Harrington, supervising astronomer of the United States Naval observatory, in his office at the naval observatory, in Washington DC. Dr. Harrington describes Planet X, draws an outline of it's orbit.
